

Home-School Connection

Welcome to *All-in-One Chinese Fun*! Using this program, your child will learn basic Chinese through song and play. As your child learns Chinese at school, you can share his or her language progress through this Student Book.

The Student Book includes songs in Chinese written to familiar tunes, activities, and a musical version of “Cinderella.” Just as with their first language, children initially learn their first Chinese words phonetically through repetition. The song lyrics in this book will help you practice the language with your child in a fun, playful way. *Pinyin* (phonetic English pronunciations) and English translations are provided for you to understand the content of the lessons.

In the back of the book is your child’s own copy of the *All-in-One Chinese Fun* CD. The first 12 tracks of the CD are recorded versions of the songs, performed in lively arrangements that you and your child can listen to and sing along with. The second half of the CD contains chanted versions of the songs, performed by native Chinese-speaking children to reinforce the Chinese words.

Have fun!
